

Piper series

Designed by 365° North, Denmark

365° North has designed the Piper series, which comprises wall lamps, floor lamps, pendants and more. A simple yet graphic design language, with clean lines and a clear industrial slant, makes the Piper lamp a beautiful addition to any home – hanging on the wall, as an independent floor lamp or as single drops over the dining table. Piper is available with two different surfaces: matt black painted or brass-coloured steel.

Meet the designer

To me, design has to make sense. Shape, colour and choice of materials have to add up and make sense to each and every single design. Good design is functional, beautiful and easy to understand.
