

Orb series

Designed by 365° North, Denmark

These perfectly rounded glass balls create a reflective, shining light in any room, whichever size or variant you opt for. As a floor lamp, hovering over the dining table like pearls on a string, or as a single drop in the corner of the living room. Orb creates an exclusive atmosphere, which seems dramatically pared-back and yet refreshingly casual. The combination of brass, metal and glass adds an industrial edge to your home.

Meet the designer

To me, design has to make sense. Shape, colour and choice of materials have to add up and make sense to each and every single design. Good design is functional, beautiful and easy to understand.
