

Balloon series

Designed by Meike Harde, Germany

The elegant and sheer fabric adds a light, playful effect to the Balloon lamp and reflects the light in an almost hypnotic way. Balloon features precise, hand-sewn details all down the side – details that have required a special technique and a very steady hand.

Meet the designer

My designs are characterized through fine structures, certain transparencies and subtle details adapted in pure shapes. My designs aim towards an aesthetic synergy of material and form. I believe that a decorative element should walk hand in hand with a useful purpose. For me, function and aesthetic are a unified whole.
