

## Acorn series

Designed by 365° North, Denmark

---

The Acorn pendant and table lamps share an appealing, organic silhouette – inspired by the characteristic shape of an acorn. The lamps are made in FSC®-certified oak and white opal glass with the cord seamlessly integrated into the design. The material contrast of opal glass and oiled oak makes the lamps equally appealing on or off. Designed by the Danish design studio 365° North.

### Meet the designer

To me, design has to make sense. Shape, colour and choice of materials have to add up and make sense to each and every single design. Good design is functional, beautiful and easy to understand.
